RE: 1st Street Bridge Riprap Repair (FEMA Project No. 151195)

Dear Mayor Weatherford:

This letter describes the bid results from September 30, 2021 for the 1st Street Bridge Riprap Repair project bid opening.

Bids for the project were received and opened at Dayton - City Hall on September 30, 2021 at 2:00 p.m. The City received two bids from the following bidders:

1. Don Jackson Excavation, LLC
2. Humbert Asphalt, Inc.

All of the bids were opened and read. After the bid opening, the bids were reviewed again, and the Bidder Responsibility Criteria pursuant to the Revised Code of Washington 39.04.010 was examined with respect to the apparent low bidder (see attached). No discrepancies were found.

After the bid opening, we entered the bid prices into a Microsoft Excel spreadsheet to check the price extensions and verify that the total bid amounts read matched the amounts written on each bid. No errors were found in the bids. A copy of the Bid Tabulation, which shows the bidders' prices and costs for each individual bid item, is attached.

The bid totals ranged from \$52,300 to \$53,000. The Engineer's Estimate was \$40,000.

The bids were competitive with a \$700 difference between the lowest bidder and the second lowest bidder. The apparent low bidder is Don Jackson Excavation, LLC. Their bid was approximately \$12,300 higher than the Engineer's Estimate.

From our review of the bids, we recommend the City of Dayton consider awarding the 1st Street Bridge Riprap Repair project to Don Jackson Excavation, LLC contingent upon approval from the City's Attorney. Assuming no complications, we believe that a contractor should be able to start construction within the next month after the Contract, bonds, and insurance have been finalized.

Please contact me if you have any questions.

Sincerely,
ANDERSON PERRY & ASSOCIATES, INC.
