

Cemetery Closure

In August 2023, lightning struck in the Dayton Cemetery causing extensive damage to the irrigation system. In order to properly repair the damage, and maintain the safety of the public, work began September 16th, for approximately five weeks, the Dayton Cemetery will be closed to general public visitation. Scheduled burial services will continue as normal. We appreciate your patience during this time.

Winter is Coming...

Don't get caught unprepared. Before the colder weather sets in:

- * **Check sprinkler or irrigation systems.**

Make sure you've turned everything off and winterized the system.

- * **Identify your home's freezing points.**

Check your home for pipes in areas that might be prone to freezing, such as crawl spaces, unheated rooms, basements, garages, and exterior walls.

- * **Strengthen your defenses.**

Eliminate sources of cold air near water lines by closing off crawl spaces, fixing drafty windows, insulating walls and attics, and plugging drafts around doors.

- * **Protect your pipes.**

Where pipes are exposed to cold, wrap them with insulation or heat tape (even fabric or newspaper can help).

Owner/Tenant Liability

Effective January 2025. All new utility accounts will be placed into, and be the responsibility of the property owner regardless of tenancy.

If a tenant currently resides at the property, the account will remain as is until a change in tenancy occurs. Once the current tenant moves out, the account will be placed into the owners name and all bills forward will be the responsibility of the owner. This includes both residential and commercial properties.
